

ROSIE

Rosie, take your time. But remember that there is a line.
Rosie, please don't care. In the light of the dawn I don't want to share.
Rosie, thanks a lot. Even if I want nothing from what you've got.
Rosie, take your time. But remember that there is a line.

Rosie, come on.

Rosie, lights are out. And the evil inside no longer doubts.
Rosie, I took your time. But I forgot that there is a line.

Rosie, come on.
